

Green School Programme Activities

Dear Students

As you are aware that our school is a green school and believes in Reducing, Recycling and Reusing the things in order to strive towards sustainable development. It also cares and works for the Environmental issues at different levels.

So, lets all join hands to achieve the goal:-

Classes 1 to 5

1. Make any useful and presentable item using waste material. (search on Google / Pinterest for ideas)
2. Write a poem or a short article on any of these topic: Save Water / Save Energy / Save Environment / Reduce Pollution / Healthy Eating and Lifestyle

Classes 6 to 9

1. Make Poster / Videos / PPT to show how Water / Energy / Environment could be saved. (take ideas from Internet but try to be innovative in your work)
2. Write an essay in about 250 words on any one of the given topics:

- Saving Our Environment
- Saving Natural Resources
- Taking care of Our Flora and Fauna
- Healthy Eating and Lifestyle

Class 11

Write an article or an essay on any one of the given topics in about 300 words:

- Living Beings: Pre – Pandemic and During Pandemic
- Water Bodies: Pre – Pandemic and During Pandemic
- Economy : Pre- Pandemic and During Pandemic
- Academics : Pre – Pandemic and During Pandemic

Make PDF of your activities and send it to gnpsgreenschoolprogramme@gmail.com by 15th July '20 .

The BEST entries will receive the certificate and the work will be published in the school magazine or GSP magazines.

Eco – Club GNPS, Punjabi Bagh, New Delhi.
